

MEMORANDUM FOR: Graham

19 Sept 12:15 p.m.

Message for Graham from Barry Horton:

Mr. Gates indicates that there will be no written response to the SSCI on their study, inasmuch as they have substantially accommodated our concerns about the case studies based on Gates' and Fuller's verbal inputs. Consequently the proposed written response is now OBE'd. Gates suggests that Fuller get ahold of Dave Gries and get copy of the new draft of the report.
